

The missing element in your future

Wednesday, March 18, 2020

9:30 a.m. – 3:30 p.m.

George R Brown Convention Center • Houston, TX

At CORROSION: *Opportunities Realized*, the NACE Foundation is inviting approximately 50 high school juniors and seniors to see first-hand the endless opportunities that the corrosion industry can offer. This event is **FREE** for students, teachers, and chaperones to attend.

To register your class, please complete and return this application by **January 9, 2020**. Priority will be given to high school classes of juniors and seniors currently enrolled in AP Chemistry, AP Physics, and AP Environmental Science courses. Classes will be accepted on a first-come, first-serve basis. Confirmation of attendance and details for the event will be communicated to teachers no later than **January 21, 2020**.

Teachers may register their class of no more than 25 students. One chaperone per 10 students is required. Schools using district buses may be eligible to receive a bus stipend to assist with transportation costs
