

EMERG Student Camp

MARCH 9, 2022 • HENRY B GONZALEZ CONVENTION CENTER • SAN ANTONIO, TX

ENGAGE IN INTERACTIVE WORKSHOPS AND EXPERIMENTS!

Discover the amazing effects of corrosion with hands-on experiments from the **Corrosion Toolkit ("cKit")**. Students will explore all areas of science and engineering using basic scientific principles such as chemical reactions, oxidation, thermodynamics, electrochemistry, and the transfer of energy.

EXPERIENCE AMPP Annual Conference + Expo!

Take a tour of the exhibit hall and dive into the expansive knowledge and innovation in the coatings and corrosion industry.

AMPP Conference + Expo features more than 400 exhibiting companies with many educational attractions for students and teachers alike, such as the Student Poster Session and Cathodic Protection Test Field.

EXPLORE CAREERS AND LEARN FROM INDUSTRY PROFESSIONALS!

SIGN UP TODAY!

- This event is **FREE** for students and teachers to attend.
- Participation at EMERG Student Camp is limited to the first **50 students**. Priority will be given to high school classes of juniors and seniors currently enrolled in AP Chemistry, AP Physics, and AP Environmental Science courses.
- Teachers may register one class of no more than 25 students. One chaperone per 10 students is required. Classes using district school buses may be eligible to receive a bus stipend.

For more information and registration details, please contact Brandy Adams at EMERG@ampp.org.
